

**Session Program**

**8-11 Jun 2026**

**International Conference on Calcium Aluminates 2026**

***Biogenic Corrosion***

SwissTech Convention Center EPFL  
SwissTech Convention Center, EPFL, Rue Louis Favre 2, Ecublens, Switzerland

# Wednesday 10 June

11:15

## Biogenic Corrosion

Session |

Location: SwissTech Convention Center EPFL, SwissTech Convention Center, EPFL, Rue Louis Favre 2, Ecublens, Switzerland |

Convener: Robert Fetter

11:15-11:45 **Performance Based Assessment of Novel Cementitious Materials for Sewer Infrastructure**

Speaker

Marjorie Valix

11:45-12:05 **Modeling CAC Mortar Degradation under Acetic Acid Exposure**

Speaker

Neven Ukrainczyk

12:05-12:25

**Understanding biodeterioration mechanisms of a calcium aluminate-based coating affected by substrate cracking**

Speaker

Dr Reem Hoballah

12:25-12:45 **A Framework for Classifying Sewer Gas-Phase Corrosivity Based on Material Response**

Speaker

Marjorie Valix

12:45-13:05 **Study of the durability of calcium aluminate cement on wastewater treatment plant**

Speaker

Marielle Guéguen Minerbe

13:05
